APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PERMIT PR-2809

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) or (3) of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

District of Terrace, 3215 Eby Street, Terrace, B.C. V8G 2X6, hereby applies for amendment, as described below, to Pollution Control Permit PR-2809, granted on September 16, 1974, to authorize the discharge of 141 cubic yards of refuse a day from municipal sources located at Terrace and surrounding area to the ground at a designated site, about 3½ miles northwest of Terrace.

To amend Appendix 01 by deleting those words of item (c) which read "the works are a landfill operation as directed" and substituting therefor the words "the

works authorized are a landfill and controlled burning operation in accordance with Pollution Control objectives, as directed."

"Burning will be limited to demolition refuse, tree stumps, brush, and the like. Burning of putrescible material is prohibited. Burning will take place as refuse, tree stumps, etc., accumulate in easily controlled burning piles and as forestry fire conditions and permits dictate. An attendant and equipment operator, including high-pressure water system will be on site while burning is in progress.

"A minimum of 10 cubic yards of refuse will be disposed of at each burn.

"The burning and fill area will be separate."

The purpose of the foregoing amendment is to authorize the burning of certain designated materials which cannot be conveniently disposed of in a landfill, and which may be burnt without causing an unacceptable nuisance or air pollution.

I, John Pousette, Secretary-Treasurer, hereby certify that a copy of this application has been received by the Regional District of Kitimat-Stikine.

This application, dated on June 26, 1978, was posted on the ground in accordance with the Pollution Control Regulations.
